Mayor Taylor, who by virtue of his office is chairman of the board, is out in a statement opposing the holding of secret sessions. was a success boyond the hopes of the enthusiastic member of this philanthropic and popular Orde. When, at a quarter past 8 o'slook last evening, the curtain at the Academy was raised, there was presented two very pretty and imposing pictures. The people on the stage looked out upon as magnificent an audience as propably ever gathered in the pretty playhouse. Boxes, loges, orchestra, dress circle, balcomy and gallerles were filled with "fair ladies and brave men," well representative of this beautiful Capitol City. Every seat was faken and hundreds of men were forced to stand. The great audience faced a stage full of bejoweled Royal Arcanumites, including supreme and grand officers and the officers of the seven local councils in Richmond. It was "Royal Arcanum Raily Night," and the members and friends of the Order railled, in great shape, for before the doors were opened, the street for more than a square was blockaded by early crowds, who sought in vain to avoid a rush. Everybody wanted to go to an Arcanum raily and a house twice the size of the Academy would have been filled. All the Richmond councils joined in this celebration. The committee did their work well and presented a great entertainment and the superb audience well bespoke the great popularity of the Arcanum in Hichmond. vas a success beyond the hopes of the well bespoke the great popularity of the Arcanum in Richmond.

Supreme Regent Anthony S. Robinson,

that protects the home and inculcates
lofty principles. The assaults that have
been selfishly made against the permanency of the insurance feature of the lofty principles. The ansaults that have been selfishly made against the permanency of the insurance feature of the order have been in vain, for there has been paid out eighty-two millions of deliars to widows of deceased members. There are two million in the emergency fund. There are nearly 300,000 members; it is growing daily: there never has been a breath of suspicion against the financial officers. It furnishes a policy that is incontestable, and that cannot be hypothecated, The Supreme Regent ridiculed the objection that "a man must die to win," and reinforced his argument with pertinent illustrations and anysing anecdotes. He stressed the social, and fraternal features of the order very interestingly. He closed with the joke on the Grand Regent that caused much hughter; "Rev. Grand Regent McFaden recently received by express a bottle of brandy peaches, The Grand Regent wrote to the donor that he could not accept the gift, but was greatly pleased at the spirit in which it was sent,"

The orchestra played Starke's "Oriental Intermezzo," and then I'ast Supreme Regent Howard M. Wiggins, of New York, made a splendid address on "The Mission of the Royal Arcanum." His arguments were strong and presented in chaste language and with excellent emphasis. He concluded by tonasting the laddes very handsomely and was loudly applauded.

The Grove Avenue Quartette next delighted the audience by a magnificent rendition of Annie Laurie, harmonized, and responding to an enthusiastic encore, sang "Poor Little Tonnee" in an inimitable manner. Miss Kate Puller reappeared and recited "The Down Hill Road" in the artistic manner for which she is so widely noted. She had to respond to an encore, and presented "Everything's the Matter!" that brought down the house. She had to acknowledge another enthusiastic encore with a reappearance and a bow; the applause kept up, and she had to come to the footlights again, and was finally forced to give another selection. Miss Puller received nothing short of an ovation.

Miss Pulifer received nothing short of an ovation.

The Grove Avenue Quartette then presented another exquisite number that was enthusiastically received, following which Mr. Bloomberg thanked the audience for their presence, attention and applause.

At the conclusion of Mr. Bloomberg's address the audience rose and joined heartily in staging the "joint raily ode," composed by Mr. George W. Rogers, of Henrico Council, and printed on an elegant souvenir, programme.

The charmen of the committees in charge were as follows: Sol. L. Bloomberg, general chairman: Programme, W. T. Dabney; Hall, Dr. A. G. Brown, Jr.; Invitation and Printing, John Sloan; Financo, J. J.
